Action Taken Report

(IQAC Meeting held on 12.10.2022)

Agenda: Green and Energy Audit

1. Objective

Action Taken:

- **Evaluation of Current Energy Consumption:**

- Conducted a comprehensive analysis of current energy usage across all campus facilities.
- Collected data on electricity consumption to establish a baseline for energy use.

- **Assessment of Existing Green Practices:**

- Reviewed current sustainability initiatives, including recycling programs, waste management, and water conservation measures.
- Identified strengths and areas needing improvement in the institution's green practices.

Outcome:

- Identified key areas where energy consumption can be optimized, such as lighting, heating, cooling systems, and appliance usage.
- Highlighted effective green practices already in place and provided recommendations for enhancements.
- Developed a strategic plan with clear objectives and actionable steps to achieve sustainability goals, including the implementation of energy-efficient technologies and promotion of eco-friendly behaviors among campus members.

2. Audit Team

Action Taken:

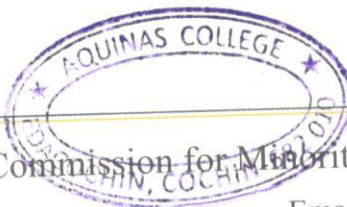

- **Engagement with External Experts:**

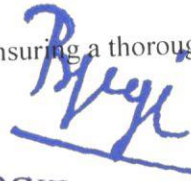

- Contacted and engaged an external expert in energy and environmental audits to provide technical guidance and support.

Outcome:

- Gained valuable insights and technical expertise from external auditors, ensuring a thorough and accurate assessment.
